ELEMENTS®

DESIGN **BDI STUDIO**

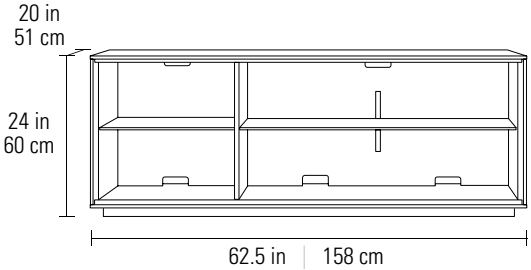

Designed by Matthew Weatherly and Jack McKay, Elements combines distinctive laser-carved door patterns with the practical features of BDI's media furniture. Offered in both three- and four-door configurations, the collection provides a choice of door patterns, base styles, and wood finishes for media and storage applications.

ELEMENTS®

SIZES AND BASES

Choose from three- or four-door cabinets, each available with a low-profile Rolling Plinth Base or an elevated Console Base.

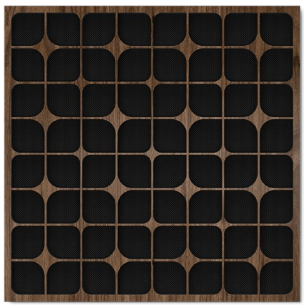

3-Door Cabinet | Rolling Plinth Base

4-Door Cabinet | Console Base

DOOR DESIGNS

Three distinctive laser-carved patterns—Constellation, Tune, and Weave—give Elements its signature appearance. Mesh and fabric-backed doors allow sound, ventilation, and remote-control signals to pass through while keeping electronics out of sight.

Constellation (CS)

Tune (TU)

Weave (WE)

WOOD FINISHES

Elements is available two distinct wood finishes to complement a variety of settings.

Toasted Oak (TOK)

Natural Walnut (WL)

LASER-CARVED DOORS

Precision laser-carved doors feature mesh and fabric backing that allows sound, airflow, and remote-control signals to pass through.

ADJUSTABLE SHELVES

Adjustable shelves accommodate a variety of components and accessories, with vibration-isolating O-rings at each shelf support.

BASE OPTIONS

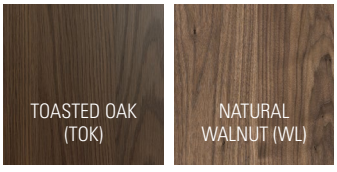

The Rolling Plinth Base maintains a low profile with concealed mobility, while the Console Base raises the cabinet on slender metal legs.

REAR ACCESS & CABLE MANAGEMENT

Removable rear panels behind single-width compartments simplify component installation, while cable-routing openings provide wire management throughout the cabinet.
